Week 3

Theme: Birds & Eggs Discovery

Color: Purple | Number: 9
Letter: Hh | Shape: Rectangle

Language & Literacy: Engaging with books like Bird Watch, Whose Egg is This?, and Mama Built a Little Nest while expanding vocabulary and early literacy skills.

Phonics: Practicing letter Hh through sensory play, sound-matching activities, and hands-on exploration with egg hunts and tracing.

Mathematics: Learning about number 9 through counting, sorting eggs, creating bird & egg patterns, and working with shapes in puzzles and hands-on activities.

Science: Exploring birds, nests, and eggs through sensory play, sink-or-float experiments, DIY binocular making, and feather investigations.

Social Studies: Learning about birds around the world, their habitats, and the people who care for them. Celebrating St. Patrick's Day with a green sensory basket!

Creative Arts: Creating handprint birds, Leprechaun fork painting, birdhouses with popsicle sticks, and engaging in music play and movement exploration.

Physical Health & Growth: Strengthening gross and fine motor skills through egg relay races, scarf play, ball rescue activities, and bubble play.

Hello Families!

We are so excited to explore Birds & Eggs Discovery this week at Pride Academy! Through hands-on learning, sensory exploration, and creative movement, your child will be discovering the wonders of birds, their habitats, and how they grow. Infants, toddlers, and preschoolers will engage in age-appropriate activities that encourage early literacy, sensory exploration, number recognition, creative expression, and movement.

At home, you can help extend their learning by:

- Pointing out birds outside and talking about their colors.
- Practicing counting to 9 with toys or objects.
- Exploring eggs (real or plastic) by discussing shapes and textures.

We love hearing about what your child is learning at home, so feel free to share any special moments with us!
